

APRIL 2018 NEWSLETTER

Room #104 - Mrs. Jordan

Calendar Dates:

April 2nd - 5th - Spring Break

- Tue. April 10th
T-shirt Tuesday

- Wed. April 11th
Show & Tell (Game)

- Tue. April 17th - Game day with Mrs Schubloom's class

- Sun. April 22nd - Earth Day

Thanks again to all of you for coming to conferences. If you have any questions after conferences please let me know.

* It has been so much fun watching the children being the *Star of the Week*. It was a little scary being the center of attention for four days but the children seem to grow so much during their week.

April Focus

We will be focusing on Spring Weather and our environment. We will discuss how we can help our world, reuse and recycle etc. We will continue to work on remembering our phone numbers and addresses. We will work on the letter sounds and what words start with that sound, the letters this month will be Vv & Ll.

If time we will start learning about money and how to tell time. Our Dramatic play area will become an "Office"

Show & Tell

* The children are to bring a game for Show & Tell this month. We will talk about how to play the game and hope to have time to play some of them. We are getting ready for our game day with Mrs. Schubloom's class, let me know if you want to help out on game day.

Star of the week

This is a special time for your child; they get to be the "Star" for a week. Please bring a poster with pictures etc. to display on their special bulletin board. They also can bring show and tell everyday they are the "Star". You will get a reminder note the week before it is your child's turn. Let me know if you have any questions.

Week of :	April 9 th	Charlie
	April 16 th	Cecilia
	April 23 rd	Greta

The Star of the week will be our person to call names to line up. I am going to try adding a twist to calling of names. I will be asking the children to describe something

about the other children: such as the color of their clothes, type of shoes, the letter that their name starts with etc.

Science

We have caterpillars on order and they should arrive by the end of April. We will learn the life cycle and watch the caterpillars turn into butterflies.

Classroom book

This month we will make a book in class. The book will focus on what the children are proud of being able to do.

Question of the week

I'm starting to ask the children a question about their day at preschool. Examples: What did you do today that made someone smile? Laugh? Say thank you? Who did you say thank you to? Why?

Thank you

Thank you to Debbie (Charlie's mom) for helping us on our fieldtrip to MacPhail.

Looking ahead

Thurs. May 3rd - Spring Program and Family Pizza Dinner

Remember if you have any questions, let me know.

Thanks

Mrs. Jordan
