

March Newsletter

Room 106

March is here and hopefully we will be getting some springtime weather in the next few weeks! I think we are already! This month is full of fun and exciting topics such as exploring shapes, colors, Dr.Suess and Spring!

As I stated in the February newsletter, I am in the process of observing your children in preparation for spring conferences. This includes social and emotional development, self-help skills, classroom interests, small and gross motor skills, speech and language and cognitive skills. I am looking forward to our conferences. They will be held on **Thursday**, March 1st and Tuesday, March 6th. Please let me know if you have any questions or anything specific you would like me to observe in your child.

Please continue to drop your child off at the door☺ The children are so independent now and have become so comfortable with their classroom routine.

Also, continue to discuss our letter of the week with your child. The first week in March we will be learning about the letters "U" and "V". What words can you think of that start with these letters? I have been collecting artwork each week for each letter and will be putting an alphabet book together for each child to take home when we finish the alphabet.

Show and Tell will be **Wednesday, March 7th**. Please have your child bring a favorite **BOOK** from home to share with the class. We will read them over the next few class days. These books will be kept at school

until we have a chance to read them all.

Thank you to the volunteers who helped with our Valentine party! The children had so much fun and I'm sure they enjoyed opening all of their valentines.

Looking Ahead...

Field Trip to McPhail—Thursday, March 1st

Conferences: March 1st and March 6th

No School—Wednesday, March 28th and Thursday, the 29th (These are the regular conference days for the rest of the preschool. I am having mine early, because I won't be here☺)

Spring Break: No School April 2nd-5th

Thank you all for a really great experience this year! I am sad to leave this class early, as they have all been so fun, happy and engaging. I plan to stop back to preschool after the baby is born, so all of the kids and families can meet her.

Any questions or concerns? Let me know! Call or text. 612.590.2119
