

Welcome back! I hope your family had a great Spring Break!

### Some Upcoming April/May Dates

School Resumes - April 9<sup>th</sup>

Program and Pizza Party - May 3

Last Day of School - May 31

### April Learning Themes

We are going to be learning about the ocean, zoos and animals on the farm this month. We will also focus on Earth Day and the environment.

We will also be highlighting a letter of the day each day until we have gone through all of the letters in the alphabet. I will combine visual, auditory, and kinesthetic learning by using an alphabet with pictures and actions. We will also work on recognizing our own names and writing them beginning with a capital letter and the rest lower case.

### Thank You

I want to thank all you for such a warm welcome to Mrs. O's classroom! It has been delightful getting to meet all of you and getting to know your children! After almost 30 years (give or take :) in kindergarten classrooms, it is such a pleasure to be back at LHUMP, this time as a teacher! Play is such a critical way to learn, and the children are demonstrating so many skills. Please don't hesitate to call or text me at 612-270-4025. I am so looking forward to spending the next 8 weeks here!  
Pam Greiner

Happy Spring!
