

## Infant Newsletter October 2024

We had a fantastic first month here in room 104! We had such a blast getting to know you and your family. We did lessons in All About Me, Back to School and Fall. Thank you for being so patient with us as we worked out some of the kinks as the school year got started.

October has some exciting things coming up! We are excited to have a new substitute teacher for the infant and toddler rooms, Ms. Kara. Ms. Kara comes from a lot of experience, has a bachelor's degree and a real passion for infants. She has even worked with Ms. R before! We will be working on some harvest and spooky themed lessons throughout the month.

As we are getting into the fall weather, please be sure your child has weather appropriate and correctly sized clothing in their cubby. Please send your child in grippy socks or shoes. The tile floors in our room can get a bit chilly!

Ms R, Ms Catherine and Mel
