

Infant Newsletter November 2024

We had so much fun in infants this month! We worked on animals, dress up and spooky! The babies loved exploring the fall animal pictures and reading lots of books. We discovered that all the babies love lift the flap books, especially Karen Katz!

This month is going to have lots of days off. Make sure you check the calendar to be sure we have school that day! We have Election Day coming up that we have off. Be sure to get out and vote!

We have new friends joining us this month as well. We are so excited to welcome them to our class as others are moving up to young toddlers. We will miss our old friends but are so excited to make new ones!

Please be sure to send your child with socks with grips or shoes. Not only can the floors get slick, but they can also be very chilly as the weather gets colder. Also check your child's cubby to make sure to take any artwork home and that all their spare clothes are the appropriate size and season.

As always, reach out to anyone on the infant team with any questions, concerns or comments!

Ms. R, Ms. Catherine, Ms. Mel
