JANUARY NEWS

105 LOWER TODDLER

Fond Farewell

A fond farewell to **Grant & Poppy** as they move up to the upper toddlers classroom next door.

They have grown so much, and we're proud of how they've developed their social skills, motor abilities, and independence. We will miss them but are excited to see them continue to thrive in the next step of their journey!

Warm Welcome

We also have some new faces to introduce! Please join us in welcoming **Penny & Sawyer**, who join our classroom on January 6th. We can't wait to watch them explore, learn, and make new friends!

105 LOWER TODDLER

AT-HOME TIP

As part of building independence, we're encouraging toddlers to practice **drinking from a cup**.

At home, please encourage your toddler to use a cup with both hands. Teach them to stop and pause before taking a sip to avoid spills. It's a fun way to build coordination and confidence, and your little one will love the challenge!

THEMES

Happy January! As the chilly weather settles in, we're excited to dive into a month filled with the wonders of **Winter and Arctic Animals**. It's a perfect time to explore the magic of snow, ice, and the amazing creatures that call the coldest parts of our planet home.
